

HIGH GEAR

Rotary Club of Burlingame

July 26, 2010

Dave Vaughn, Editor

The Pledge: The ever-effervescent, waiting in the wings, soon to be President (some say it won't be too soon), Carol Tanzi!

The Invocation: The ever-Young, Cheryl Fama gave a razor sharp vignette of ways to remember how we should comport ourselves for a truly satisfying life (thanks to Maya Angelou).

Guests & Visiting Rotarians

Will Holsinger introduced Kim Kubal, executive Director of the non-profit organization Your Strength To Heal. Some how me thinks she is hear for more than the wonderful food. As well, the politically astute Doug McGeorge introduced his lovely better half, the wrapped up Jan McGeorge. (Except for those ankles!)

Two "Southern-Burlingame" Rotary Members - **Carol Bullock** and **Alex Kent** - always welcome.

SUNSHINE REPORT

A heartfelt condolence to fell Rotarian **Joe Galligan** whose Father pass away recently. All our Love to you and your family.

ANOUNCEMENTS

We doled out some well earned contributions to a couple of worthy local causes. Kim Kubal and her "Your Strength To Heal" organization was a recipient through the sponsorship from Will Holsinger and **Jean Silveira**, both Board Members. Our own **Jay Miller** and his Clergy Network received our largess, and we know it will be well spent. Thank you for all your efforts.

We had some new members to The President's Club, mainly through the clever cajoling of our President. Or was that strong arming? Regardless, **Marc Friedman** considered it a rare Republican tax; **Jim Nantell** cookie dough/currency dough --...who cares; **Jesus Nava**, not wanting to be one-upped by his boss, the Cookie monster; and much later in the program, **Basil Emery** for being the soft spoken celebrity with major press coverage. Prez Zell thanks you all. Not too sure if **Bill Tiedeman** joined, only because of the "Dirty Bill" cat calls. Sorry I missed his presentation that time. And **Bob Doerr** has aligned himself with **Duffy Offield** and his "Club". Can't wait to see the lack of immunity clause come into play.

NEWSCAST

Fritz Brauner totally entertained a table of his guests...and then there was us. Scaring us with the threat of a treatise of "The History of the News", he soon focused on more timely, important events, such as our concern for Lindsay Lohan. The concern was calmed with the thought of Carol Tanzi bunking up with her for her 90 days. That will most assuredly keep her clean and sober. Lindsay, that is!

PROGRAM

Finally! **Mike Horwitz** introduced our very own Doug McGeorge, or should I say regaled us with their monumental friendship. On with the show. Doug obeyed an impulse, followed his different drummer, and sweet talked Jan in to traveling to Iran! Perhaps Afghanistan is next? Many interesting conflicts: the people were unbelievably friendly, yet very angry; in public, their dress was ultra conservative and at home it was a re-enactment of "Birdcage"; the Shah was toppled due to his excesses and the Mullahs take over and now they are living like fat cats; the pull of the Hookah and the then results of the pull on the Hookah; and finally, **Dick Gregory** wrestling with the Iranian goodies that were passed around, tid-bits flying here and there.

Ah, just another lovely Monday luncheon with fellow Rotarians. Only in Burlingame.
